

Create an Alien Passport!

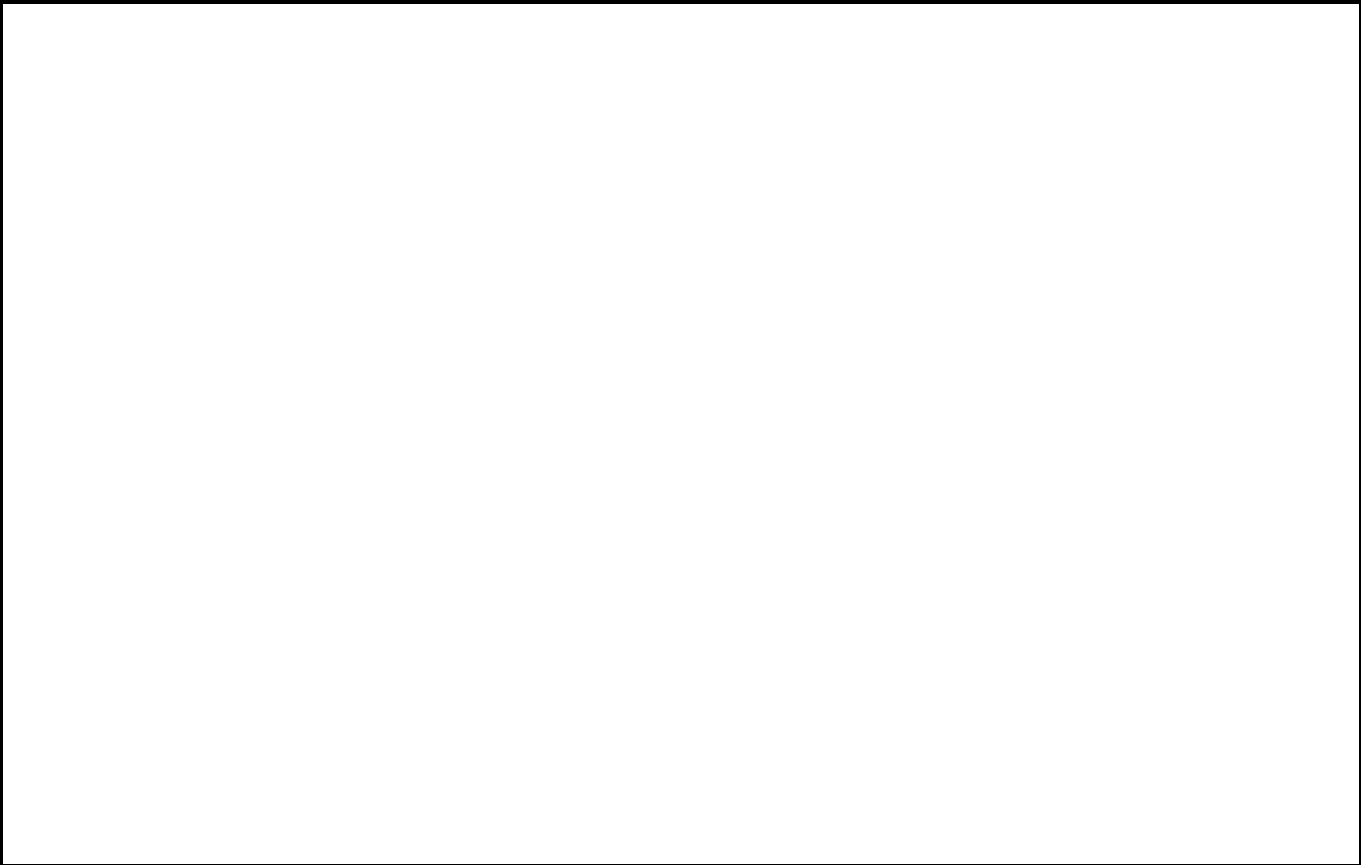

Do you think there is life on other planets? Create a passport for your favourite alien – how are they different from humans? What is their planet like? Part of the James Webb Space Telescope’s mission will be to search for life on extrasolar planets.

Draw a picture of your alien’s planet on the front of the passport, and on the inside fill in the details for your alien, and draw a picture of your alien.

PASSPORT

PLANET: _____
